*Requires Optional Electrical Actuator

Optional Accessories

Electric Actuator**	70.8025
12V Switch/Plug Kit 4500 Tractor	70.4104

** Requires 12V Switch/Plug Kit

Dimensions

Length	53 inches (135 cm)
Width	68 inches (172 cm)
Height	24 inches (61 cm)
Working Width (Broom Width)	58 Inches (147 cm)
Weight	382 lbs (173 kg)

All specifications subject to change without notice or obligation

The HB580 Power Broom is designed for sweeping and removal of material such as snow, leaves, dirt, light gravel, and even thatch. A corner-less frame design permits sweeping against curbs and allows for the cleaning of corners.

The HB580 Broom can be hydraulically angled left or right and lifted up or down all with the S.D.L.A. Control.

An optional electric actuator allows the operator to adjust the speed and direction of the broom rotation, maximizing effectiveness and allowing the operator to reverse broom rotation, all from the seat of the tractor.

The broom stands alone when detached and can be easily reattached. A self-leveling feature keeps the broom horizontal at all times, and the nylon bristle broom cores can be changed in just a few minutes.

STANDARD FEATURES

- Hydraulic Angle from the Operator Seat
- Adjustable gauge wheels
- "Cornerless" Frame
- Ventrac Mount System

Optional Accessories

- Electric Actuator for reverse rotation & slower speeds
